Britain Pays Debt To Canada In Good

WORLD WAR DEBT TERROR HED UP FOR QUICK LOOKS

Great Britain, largest European debtor of the United States, has decided to pay in gold the debt installment due today. Italy already has paid. France and Belgium have decided not to pay and Poland has indicated that she will default.

In London, Neville Chamberlain, chancellor of the exchequer, told parliament today that the decision was published that arrangements have been made with the United States Federal Reserve Bank to meet it, but that this device was not to be interpreted as meaning a return to the debt system in operation before the Hoover moratorium.

France was without a government, Premier Edouard Herriot having been overthrown by the chamber of deputies. He said word that it will be up to the next government to continue the debt negotiations.

At Rome there was an announcement that Italy already has paid the \$124,347 interest installment she owed.

In Brussels a new government was in the process of formation by Count de Broqueville, who resigned as premier after the cabinet had decided unanimously to refuse payment of the \$212,000 installment.

Meanwhile Germany is merely an onlooker. A government spokesman said that since it is impossible to return to the Young plan anyway, it matters little to Germany what happens as a consequence of the French refusal to pay.

There was an announcement at Bucharest that the powers which participated in the Lausanne conference had granted a three month extension on the eastern reparations moratorium.

Highlights Of Chamberlain's Speech In House Commons

LONDON, Dec. 15.—Following are some outstanding passages of a speech by Neville Chamberlain, chancellor of the exchequer, in the house of commons Wednesday.

"The British government is unable to contemplate default. Default by the British government is a matter which they could not truthfully say they were unable to pay would rebound all round the world. It might have been taken as justification for other defaults."

"The payment to be made Thursday must not be taken implying a revival of the debt system in operation before the Hoover moratorium."

"We are earnestly desirous of making a final settlement with the United States."

"It is important that we do all we possibly can to save the Lausanne agreement upon which depends the stability and security of the financial situation in a large part of the world."

"In three days we cannot save ourselves free from our international commitments. It is only by a policy of compromise that we can obtain the co-operation of other nations in restoring the vanished property of the world."

New York City Owned Buildings House Jobs

NEW YORK, Dec. 15.—Every unemployed city owned building in the five boroughs was made available today to house the unemployed.

The city has indicated that police stations, fire houses, buildings connected in connection with subway excavations, and others.

CHRISTMAS A TAX ON CHILDREN
Yesterday in a crowded elevator a young mother got on carrying a little boy about three years old. Along with her were about six women—all the sister, and cousins and aunts in the family connection.

Another sweet soul beside us, evidently they had come in from somewhere. She was smiling a good time. I am sorry to say that the boy department when they were there.

KISSING STILL GOES BY FAVOR

Question—Will you please tell me whether or not it is correct to wear a wrist watch on one arm and a bracelet on the other when attending a holiday dinner-dance at a hotel? What jewelry is appropriate for an occasion of this type?

Answer—Bracelets and wrist watches may be worn at a dinner-dance. An evening social function is the most appropriate occasion for the wearing of any jewelry.

FICTION STORY BECOMES REAL TO B. F. BURNS

Chain Gang Narrative Leads to Officers Appre-

NEWARK, N.J., Dec. 15.—Robert E. Burns, author of "I Am A Fugitive From A Chain Gang," was being escorted tonight on a train to be brought to trial for justice. The arrest was made at the request of authorities of La Grange, Trousdale County, Georgia, from where he had fled. Burns, 34, was taken into custody by chief McCall's office, fingerprinted and questioned.

Burns had been living for some months in the Atlanta area. He will be arraigned on the fugitive charges tomorrow.

GREAT WAR VETERAN

Native of Brooklyn, Burns was a Great War veteran and war service in France. He wandered about aimlessly when he was discharged in 1919, but he found a job in the city. He held a job as a grocery with two other men. The three were captured and Burns sentenced to from six to six to ten years.

He escaped in 1922 and went back to Chicago where he became a musician. He was arrested and sentenced to prison for a short time.

WOMAN MAKES GRIEF
The same woman, however,

Burns was arrested in 1929 and after a legal battle was taken back to the southern state. Burns again escaped in 1930.

He made his way north and since then has held various jobs in New Jersey. He was a reporter on a Newark newspaper for a short time. Finally he decided to write his experiences and sold the result, which became a best seller. The book also was made into a motion picture.

Charles Handler, lawyer for the fugitive, visited police headquarters before the prisoner was jailed for the night. He said he would fight extradition.

JUDGMENT GIVEN AGAINST HUSBAND

Settling a family dispute with an odd angle, Mr. Justice Tweedie on Wednesday gave judgment for George F. Smith against George F. Harris, his son-in-law, and ordered Harris to pay all costs in connection with the case.

The dispute originated in April 1926 at which time Mrs. Harris, daughter of Smith, was confined to hospital for two years. In April 1928 the father and mother decided that the girl could get better treatment at home, but the husband refused

to consent to her being released from the institution unless the father provided a cash bond of \$1000 as security that he would look after Mrs. Harris. The bond was provided and placed with the Western Trust Company Ltd.

The present case arose when the father asked to have the bond rescinded, Mrs. Harris in the meantime having completely recovered. Her husband, however, refused his consent to have the bond cancelled and the action was taken to have the matter cleared up.

After hearing all the evidence, including that of Mrs. Harris herself, Mr. Justice Tweedie decided that she was in perfectly sound health and that there was no further reason for the bond. He accordingly ordered it cancelled, and

Neil D. Maclean, K.C., and Jos. A. Clarke acted for the plaintiff with P. G. Thompson, K.C. and R. D. Henderson for Harris.

Street Cars Crash: Two are Injured. One man sustained a slight injury to the knee and another passenger received a superficial cut on the forehead when two street cars crashed at the intersection of 10th street and Jasper avenue at 8 a.m. Tuesday, according to information received from the street railway department.

A red and green line street car was standing at the intersection discharging passengers when a white line car slid up behind and crashed into the rear end of the first car.

Although street railway officials claim the latest crash was the result of a defective spring, the fact that the windows in each conveyance were shattered and passengers were jolted forward against the back of their seats.

Bassett and McKenzie Decided to Talk Instead of Going to Jail

Holding that Murdoch McKenzie and Harry Bassett were competent witnesses, Mr. Justice Frank Ford, sitting in the Supreme court on Wednesday morning, ordered their application for the quashing of their commitment to eight days' imprisonment for refusing to give evidence in the J. J. Maloney conspiracy case against Baron von Wittgenstein, Maloney operative.

They were before Magistrate C. C. Becker, acting for the judge at the time they were committed. As a result of his lordship's decision, Bassett and McKenzie have agreed, through their counsel, to give evidence in the case. The judge's preliminary hearing when it is re-opened on Friday.

Former President Sid Parsons Throwing Bombshell Into Meeting

Claiming that the Ku Klux Klan has gained control of the Home and Property Owners' association, and that this organization is an offshoot of the Klan, two factions here at such a threat at the meeting in the Orange hall, Wednesday night.

Former President Sid Parsons threw the gathering into an uproar when he revealed that members of the association had received letters purporting to come from the imperial office of the Ku Klux Klan. Charges that the Klan controlled the association and that the executive of the Home and Property Owners' were Klan sympathizers and organizers, were also made by the speaker.

Decision Goes Against the
City in Supreme
Court

Judgment for \$4,742.45 was handed down in the supreme court on Thursday by Mr. Justice W. C. Macdonald and Mr. Justice C. J. Duggan, in the case of the City of Edmonton for negligence in failing to keep a sidewalk clear of ice and snow and causing Mrs. Carmichael to slip, fall and suffer severe injuries.

His lordship gave judgment from the bench following completion of argument of counsel.

It was also decided by the court that the agreement by the City that the plaintiff should not sue for more than \$5,000 was not valid as to the plaintiff's claim for damages against the City.

In his findings his lordship also pronounced judgment against the City for the sidewalk in question to be kept clear of ice and snow.

George H. Stine, K.C. appeared for the plaintiff and J. C. P. Brown, K.C. and George R. O'Connor, K.C., for the City.

REGINA FANS TREATED TO FIERY GAME

Poolers Gain Second Place In Junior Hockey League

NEIL COLVILLE STARS AGAINST FORTY-NINERS

There was high fever among the dwellers of the Eskimos igloo yesterday, with the arrival of the new defenseman—Oliver B. Kennedy from Winnipeg, and the return to action of big Ernie Kennedy, who will lead the "Pud's" in the "K" defensive combination in future games.

Reggie made a great impression on both management and rinkside alike as he went through his first workout with the "Ks."

The former Coast star is big and tough, does everything well, and promises to make life miserable for rival teams whenever he pairs up with Kennedy.

Any forward will have a rough game trying to burst a seam through them.

All of which reminds me that our old friend Kenneth C. McKeown will be back in action Saturday with a team that is rated high by Western Canada league observers. Meeting those Regina Capitals of his. They've apparently got plenty of hockey, the Caps, and perhaps McKenna would like better than to win over Duke's Eskimos.

Battalion Youngsters Lose 3-1 But Show Much Improvement

Due largely to the shifting ability of the Pooler brother and Neil Colville, Battalion's blue share in the win over the first time this season in the junior league hockey fight, when they defeated Forty-Niners 3-1 last night at the Arena.

Scouting the Soldiers, last night put the Poolers in the second place position, one win and a loss and if the "Niners" can bowl over Chie's Jimmie's Liberal-Champions this Sunday, the case for them will be most interesting.

MURDO GOOD

As the statistics indicate, the Stanley Cup is not easy to come by. The "Niners" in for quite a few promising talents, but young Scotty Murdoch is the one who has been the most of the season progress has the bars shown when "Pud" appeared earlier in the season.

The scoring for the victory revolved around the Colville brothers with Neil butting the twice for goals, and the Pooler brothers, a pair of smart goals in the middle. Murdoch, however, was the hero of the night, scoring his first goal of the season, and his first in the work of last year. He outscored the Soldiers defense on a number of occasions and was for the truly "Murd" in the game.

Neil's scoring record well up to the league leader, Murray Rimstad of the Liberals.

Bill Ruff's kids stuck to their guns, and the Battalion, after their playing showed advancement, were able to overcome the "Niners" and were able to obtain a victory.

It would take a trainload of dynamite to get the Ontario rules, the boys behind the scenes in the A. A. U. who really control it, are really interested only in Olympic sports and therefore the suggestion will never be considered as far as they are concerned, for interference is not permitted where Olympic athletes are concerned.

U. who really control it, are really interested only in Olympic sports and therefore the suggestion will never be considered as far as they are concerned, for interference is not permitted where Olympic athletes are concerned.

Came yesterday a card from Ira Stuart, boss of Edmonton's semi-professional "Superior" team, who had been in London where they made their headquarters for a couple of weeks prior to last Monday, when they left for Paris, France, in which city they are at the present time. And, too, came a bundle of Scotch and English whisky with stories of the games in the old land from which any Superior supporter could derive much pleasure in reading, as all the victories give high praise to the team as a whole and to individual players. As an example, how do you suppose the following would do down with a supporter of the "Ks?"

"The game began with the Battalion forcing the pace. Hereford in the nets for Poolers was excellent. Continued on Page Eleven

Blake Watson, who, however, is essentially a "play-maker."

Originally the "Ks" are making an impression wherever they go across the Atlantic. And that is something newsworthy, according to Ira, who writes that the team are all made up of Canadian players who are trying their hardest to win and are rated over 100 per cent better than the teams were up to two years ago.

Winnipeg Toilers In Play-off Berth

WINNIPEG, Dec. 15.—Back in the battle again after a slow start at the beginning of the season, the Winnipeg Toilers, Dominion basketball champions in 1931, will at least defend their Manitoba title this year.

Last night the Toilers gained their night when they staged off a last-minute rally to defeat the Robertsons Memorial squad 34-24 to capture their first half of the season, making a play-off berth a certainty.

Esks Confident As They Prepare For Regina Game Here

Redpath impresses with work on defence in first practice

With all the new players on hand and all other members of the team rounding into grand shape after the past week of grueling work, the management of the Eskimos is looking forward with a lot of confidence to the scheduled Western Canada Hockey League game here Saturday against the McKenna's Regina Capitals.

McKenzie's Regals, who have led the league since the start of the season, will be looking for a hard-fought battle with the Eskimos, who have been showing 100 per cent improvement over last week, when they won the opener here.

Two Reasons

"I'm quitting for two reasons. In the first place I have no future to consider. Coaching, neither will I ever earn a promotion with any company. Secondly, the two reasons I gave for leaving the team were that I was a lay-off of a month, followed by a long train journey, and to make matters worse, I didn't get a square deal from two of the players. I am disappointed because I was being paid \$100 a month more money for the players who put everything they had into the game. It would have been enough if it had not been for one decision made by a judge of play. Bartlett. I'm not squawking at losing but I maintain Varney was wrong in giving those touchdowns on a play."

PRENTY TIED

President Tomlinson said last night he had not yet received Wilson's resignation. He intimated, however, that he was "let up" with trying to govern the affairs of a championship team, which was what had happened at Toronto, was planning to resign at some future date.

VICTORIA CAGERS RETAIN LAURELS

McDonald Commercial senior boys' basketball team challenged the Victoria squad to defend their senior title but the challengers were defeated by a re-substituted Victoria and returned to Commercial making the Victoria Capitals' Cup after suffering a 17-0 defeat.

The game was fast and all the way held the interest of the 300 students who were in the gym.

Commercial held the winners down to half of the contest. In the second half, however, Victoria's two stars, Gordon and Thompson, scored on the floor. The presence of these two fresh players was too much for Commercial and their defence crumbled.

Shaw scored 16 points for "Vic" and Gordon 12. Commercial's star shooters were Birch and Hamilton.

LINEUP: Victoria—Leonard 2, Shaw 16, Hild 2, Gordon 12, Thompson 4, Murphy, Gillies, Tate. Commercial—Birch 9, Winkles 2, 2.

REGINA FANS TREATED TO FIERY GAME

2,000 Excited Followers Well Pleased With Robust Contest

REGINA, Sask., Dec. 15.—A first class hockey riot—with 2,000 wild yelling fans cheering the boys on—that was the scene in Regina stadium last night as Calgary's fast-travelling Tigers versus the host of the new Western Canada Professional Hockey League with a 2-1 victory over Kenny MacKenzie's Regina Capitals.

Not only was it the "game of the year" to date, but it was a real out-of-control affair, but it was Regina's favored Franchises, Gene Smith, chalk up his second record before the first period closed, started there on a score of 2-0 and the counter followed within five minutes of the start of the middle session, MacKenzie going to pick up a rebound and shooting it over the sprawling body of the "R" defenseman.

The Caps held a fair share of the play inside the Tiger's net, where Regina sharpshooters went dull under strenuous body and back-checking. The Caps held the close of the second stanza, it was reported here Wednesday. The Regina objective, spilled the Caps' defense and the donkeybrow was on.

The upset of it all was that the Caps had a chance to go to the cooler at the start of the third stanza, but they were too nervous to take it. The Regina objective, spilled the Caps' defense and the donkeybrow was on.

Quebec Beavers May Use Simpson

QUÉBEC, Dec. 15.—Simpson, star of Winnipeg, Canadian Olympic team, may be secured by Quebec Beavers from Montreal Maroons. It was reported here Wednesday. Simpson failed to hold a job with Windsor Bulldogs of the International League and was returned to Maroons.

Maroons' manager, who has been in the Malin plans to use Simpson as a relief defense role.

Calgary Bronchos Take Drumheller

CALGARY, Dec. 15.—Calgary Bronchos took the lead in Southern Alberta Senior Amateur Hockey League here last night by defeating Drumheller Miners 4-3 in a closely fought battle.

The Bronchos, however, have played one more game than the Miners and the next clash between Miners and Calgary Maroons may again tie the lead.
